- Capture the Flag

Careers

- At the present time, the United States has 40,000 unfilled jobs in the field of Cybersecurity. Both the government and private business are in desperate need of individuals to fill jobs in the field of Cyber Defense.
- Cyber Defense is a rewarding and well paid field.
- Check out the currently open cyber defense jobs by going to <https://www.usajobs.gov/> and use cyber defense as key words.
- http://www.cyberaces.org/
